*If no snow days are used, May 20, 2022 will be the last student attendance day followed by a Teachers' Institute that afternoon. There are five snow days built into the calendar. For example, if one snow day is used, the last day of student attendance would be May 23rd followed by a Teachers' Institute that afternoon, and so on. If all snow days were used, the latest students would be in school is May 27, 2022.
